The 2022 Meyers Autotech Championship Series Powered by Rattlesnake RC heads a little west for the second race of the season, the Bill Muncey Memorial! After a several year absence, we can't wait to return to our central Washington hub in Ellensburg. Pack some warm clothes and rain gear, and read all you need to know for this action-packed weekend!

We will create these PDF documents prior to each race (credit to sister club ERCU for this idea) so you know what to expect!
